## TERMS OF SALE

**CASH PLAN:** This plan earns free boxing. On bulky stock, boxing sometimes amounts to 6 or 8%.

**PARTIAL PAYMENT PLAN:** Whereby one-third amount of order is remitted in advance, and the balance goes forward Freight or Express C. O. D. payable at destination.

**CREDIT:** We extend the usual terms of credit to regular customers and to parties known to us; otherwise we require cash in advance or satisfactory reference with sufficient time before shipment to make necessary investigation. We will not accept orders until we believe that the buyer is good for the account. Fall shipments due December 1st, Spring shipments due June 1st.

**PRICES:** On amounts above 5 and under 10 apply ten rate. On amounts 25 and over apply 100 rate. On amounts 250 and over apply 1000 rate.

**Guaranty:** While we exercise the utmost diligence and care to have our stock true to name and hold ourselves in readiness on proper proof, to replace all trees, etc., that prove otherwise, or refund the amount paid, it is mutually understood and agreed between the purchaser and ourselves that we shall not in any case be liable for any sum greater than the amount originally received for said trees, etc., that prove untrue.

All orders are accepted by us upon the mutual agreement between the purchaser and ourselves that we shall not be responsible for other damages.

This catalogue cancels all previous price lists.

A certificate of inspection will accompany each order.

**CLAIMS:** No claims for rejections or deficiencies will be entertained unless made within five days after arrival of goods. In no case will we assume responsibility after consignment to purchaser. When losses occur by delays or other causes of whatever nature while goods are in transit, make claim **AT ONCE** on the forwarding companies.

**CAUTION:** We accept all orders upon condition that they shall be void should injury befall stock from frost, fire, hail storms or other causes over which we have no control.

**PACKING:** Packing will be done in the best possible manner, and charged for at the cost of material used. Boxes and bales delivered free of charge to all railway stations. After goods are delivered to forwarder in good condition our responsibility ceases.

**REFERENCE:** Onarga State Bank, Onarga, Ill. Mercantile Agencies.

All goods sold by us are sold f. o. b. point of shipment, and while in transit are at purchaser's risk. We feel it is our duty to emphasize the fact that we do not insure the safe delivery of goods and that the title of any goods sold by us and consigned to the purchaser or consignee designated by purchaser passes to the purchaser upon delivery by us to the carrier at point of shipment.

And we desire to make it clear to the trade that the railroad or Express Company's receipt relieves us of all responsibility, and any claim for damages should be made immediately to the agent at the point of delivery.

CLIMBING ROSES—Choice New Varieties (Continued)

**Primrose**, New hardy yellow climber with double, canary-yellow flowers in great profusion. Lighter than Le Reve and more double. Much hardier than Emily Gray. We believe it is the most satisfactory yellow climbing Rose for the North. It is very new and everyone who has it is enthusiastic over its merits.

**Staechelín**. This most unique climber was discovered in Spain in 1925 and has just been awarded the John Cook medal for the most outstanding climber. Hardy, vigorous grower. Crimson buds opening to large perfumed pale pink flowers.

BUSH ROSES

Budded on Multiflora Japonica. Produces the most fibrous root system possible.

## WATER LILIES

The lily pool is rapidly becoming a point of interest in the American garden. With its wonderful array of bloom from early spring to late fall, it is hard to imagine a more thoroughly satisfactory garden feature. Pools are easily constructed; and after the lilies are once planted, require little care other than the occasional addition of water to maintain the desired level.

**Note**—No order accepted for less than \$1.00.

<b>ATTRACTION</b>	Each
Immense lily of rich garnet red color, except for the four outer sepals which are almost white. Free flowering and vigorous.....	\$1.25
<b>COMANCHE</b>	
Considered the finest copper colored variety. In color, it is a rich glowing apricot overlaid with yellow, deepening to blended red-orange. Leaves, olive-green, flaked brown.....	1.00
<b>ESCARBOUCLE</b>	
An intense red, deepening to crimson. Very hardy and free flowering .....	1.25
<b>GLADSTONE</b>	
A large, dazzling white flower of waxen purity with a bright center of glowing sulphur yellow stamens.....	.75
<b>GLORIOSA</b>	
The most popular of all red lilies. The color is a clear current-red deepening as the flower matures.....	1.25
<b>GONNERE</b>	
A splendid, fully double, pure white lily. Leaves are bright green .....	1.25
<b>JAMES BRYDON</b>	
Beautiful, cup-shaped, vivid crimson flower. The leaves are tinged a bronzy red.....	1.00
<b>MARLIAC PINK</b>	
A popular pink lily of pleasing habit. The flowers are a beautiful shell pink.....	.75
<b>MARLIAC WHITE</b>	
A vigorous, free-flowering, pure white of medium size. Leaves are a fresh apple green. Satisfactory for both small and large pools .....	.75
<b>MARLIAC YELLOW (Chromatella)</b>	
The bloom is made up of broad curving petals of clear sulphur yellow. The pads are a fresh deep green, marbled with maroon. A strong grower and a continuous bloomer.....	.75

LINING OUT EVERGREENS

Once and Twice Transplanted

T Represents Transplants

TT Represents Twice Transplanted

All of this stock has been once and twice transplanted, producing a good root system. We especially recommend this stock for growing on as it will insure a good stand.

These sizes are the most economical for lining out purposes and make the best returns on your customers' investment. They increase in value each year and there is always a growing demand for evergreens.

# One Man Shrub Digger

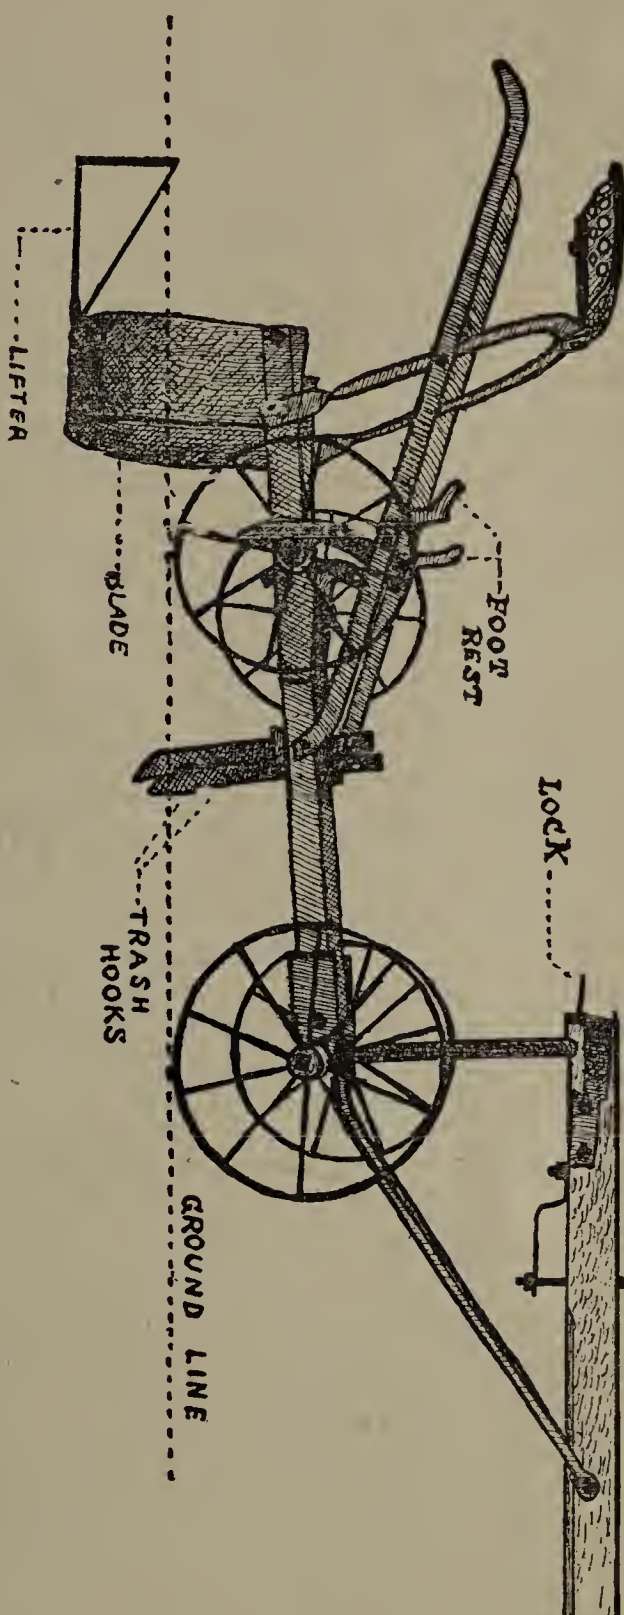

This machine is the best labor saving machine on the market. It saves the labor of two men and four to six horses. Only one man is required to sit on the seat and operate. Handles as easily as a riding cultivator. For heavy 3-4 foot shrubs use four-horse eveners; for light digging only one team is required.

For pruning Evergreen roots and light digging, remove lifter, adjust depth of blade by raising or lowering back wheel adjustment. In nursery rows where three or four varieties are growing in the same row to dig one of the varieties in the middle of the row, drive down the row to variety wanted, trip lock and digger will be in position as in illustration—dig variety wanted, raise blade to upright position where it locks, and drive on.

Very fine for June Bud Peaches. To dig 2 year apples wrap doubletree with burlap.

This digger is just the thing for a nurseryman with a few acres and short rows and is also just what the larger grower has been looking for. Will pay for itself the first week. Not carried in stock. Order early to have digger on hand when you want it.

Diggers with 18 to 20 inch blades are of extra heavy construction to withstand the additional strain.

Prices complete, eveners and neckyoke not included:
